Amadeus the Stampede is an unstoppable force in Hip Hop. Quoted as being "one of the craziest lyricists in rap", he strangles hardcore rhythms with a fury of insanity in his rhymes. In stalking the streets of Boston, Amadeus The Stampede has solidified himself as one of the best up and coming MCs in the Rap world. While battling schizophrenia for the past six years, the Stampede has laid a foundation for a promising career in music. With hundreds of shows under his belt and a lengthy catalogue of exceptional original music, the madman shows no signs of slowing down. *House of Broken Mirrors* is his best work to date under the direction of Leedz Edutainment. According to Leedz "It's a concept album that takes you on a journey into his mind through stages of battling mental illness, drug abuse, violence, in addition to maintaining relationships with his friends and family while trying to stay alive in the streets of Boston. He's pushing boundaries with his musical content through life experiences." The album features collaborations with Sean Price of Heltah Skeltah, Slaine, Reef The Lost Cauze, Reks, Rite Hook, and J The S, along with heavyweight production from Matty Trump, Guns N Butter, J.Ferra and many more.
