

the whitefield brothers

feat. **Edan** and **Mr. Lif**

SIDE A

The Gift
(Oh No's Ethiopium Remix)

SIDE B

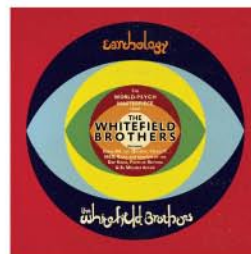

The Gift
(Oh No's Ethiopium Remix Inst.)

Executive Produced by Egon and The Whitefield Brothers

This 7" single contains "Oh No's Ethiopium Remix" of "The Gift", the lead off single from The Whitefield Brother's *Earthology*. The track finds rappers Edan and Mr. Lif riding the producer's stilted sampling of some dirty Ethiopian 70s funk. The influence of Oh No's recently released Ethiopian-based album *Dr. No's Ethiopium* (DS 101 for CD, DP 101 for 2xLP) is clear and this limited release adds another entry in the long line of duets between these Boston reared MCs. The B-side features the instrumental of the remix.
